

Portable 868MHz antenna

Specification

Electrical properties		
Frequency		868 MHz
Impedance		50 Ohm
V.S.W.R		<1.7
Gain		2dBi
Polarization		vertical
Power max.		50W
Mechanical properties		
Antenna color		black
Connector type		SMA(m)
Radome material		polyurethane
Height		110mm
Working temperature		-40°C - + 70°C
